Cox CARES Act Solutions for Education
Connectivity You Can Count On

Accessible, reliable Internet is essential for today's academic community—creating environments ready to connect students, teachers and administrators. Cox CARES Act Solutions for Education harness the power of our robust network to offer Internet options suited for distance learning.

A New World

COVID-19 has made a tremendous impact in every corner of the world, forever changing the way we think about public health, safety and socioeconomic factors in the wake of a global pandemic. Education systems in particular are reeling from the effects of the virus and are adopting a different approach to educating their students—the virtual classroom.

Our Solutions

In the spirit of the U.S. Coronavirus Aid, Relief and Economic Security (CARES) Act and its economic provisions for workers, families, small businesses and schools, Cox has developed Internet solutions to better support educators and students as they implement virtual learning and teleworking in their homes.

Features

From **Cox Connect2Compete** to **Internet** and **WiFi** options, our CARES Act Solutions for Education are the keys to unlocking the digital classroom.

- Available for single-family homes and multi-dwelling units (MDUs)
- Secure connectivity
- Payer options include master account, single payer and end user

Cox CARES Act Solutions for Education

In response to the unplanned pivot to virtual learning, Cox CARES Act Solutions for Education offer secure, robust Internet plan options to allow students, teachers and staff to continue working.

Connect2Compete®

Cox Connect2Compete is our affordable in-home Internet product for low-income families with a K-12 child participating in a government-assisted program. Connect2Compete supports eligible students and their families by providing low-cost home Internet with WiFi for only $9.95* per month. Service includes access to the Cox Digital Academy and low-cost device purchase options.

Cox Internet

This solution delivers students Internet access to support applications, data sharing, posting, downloading and uploading. Options include **CARES Starter Internet** with speeds of 25 Mbps/3 Mbps and **CARES Essential Internet** with speeds of 50 Mbps/3 Mbps—both with free, easy-connect options. Customer premise equipment (CPE) is included. Cox Internet customers also have access to over three million WiFi hotspots and Cox Security Suite.

Multi-Dwelling Unit (MDU) WiFi

Ideal for apartments, student housing or multi-tenant properties, this option is loaded with rich features offering the Internet experience MDU residents are looking for. Provided by the property owner, speeds and pricing for this option vary based on the needs of the property.

Cox Business Managed WiFi

Give students, teachers and staff who reside in MDU properties a strong WiFi Internet connection to enrich their experience and enhance productivity. A fully managed Internet service, our Managed WiFi technology supports private and guest WiFi networks. Provided by school districts, this option includes all speed tiers.

Offer expires December 15, 2020. CARES Starter and Essential plans available to eligible new residential Cox customers only. After promotional period, regular rates apply. Service subject to Cox Residential Customer Service Agreement (including arbitration provisions), Acceptable Use Policy (including Cox's right to terminate service for abuse of network), and other policies, found at cox.com/policies. Data Usage Billing applies, visit cox.com/datausage. For current download/upload speeds for all Cox Internet tiers, visit cox.com/dataspeedplans. Additional installation fees required for additional Cox services. Advertised rate includes monthly recurring service fees and WiFi modem but excludes additional jacks and equipment, inside wiring, reconnection, activation, taxes, franchise fees, and surcharges. Uninterrupted or error-free Internet service, or the speed of your service, is not guaranteed. Actual speeds vary. See cox.com/internetdisclosures for complete Cox Internet Disclosures. A credit check and/or deposit may be required. Some restrictions may apply.
